Faubus, who advised the rally to avoid violence, remained at his mansion. He said he would keep in touch with his "people" for developments.

Two Negroes went to Central

Wednesday, but only one will go back today, said Mrs. L. C. Bates, president of the Arkansas branch of the National Assn. for the Advancement of Colored People.

She said Elizabeth Eckford went the first day of school only to consult with her counselor, Elizabeth, one of nine Negroes enrolled at Central in 1957, has gained enough credits through correspondence to enter college.

That leaves Jefferson Thomas, 16, another veteran of 1937, as the only Negro at Central. He is a senior.

At Hall High School located in the fashionable Pulaski Heights area, three Negro girls returned to classes today. They are Effie Jones, 17, and Estelle Thompson.

## matter of FACT

Because the earth's orbit around the sun is not circular, the earth's distance from the sun changes at different times of the year. When the earth is closest to the sun, in January, the distance is about 91,500,000 miles. This is called the perihelion, from the Greek for "near the sun." When the earth is farthest away, in July, the distance is about 94,500,000 miles. This is known as the aphelion, from the Greek for "away from the sun."

## Negro Pupils Rap Dollarway School Board

LITTLE ROCK (AP) — Three Negro pupils seeking to enter an all-white school at Dollarway said today it is "crystal clear" the Dollarway School Board intends to continue a policy of segregation.

Their attorneys filed a brief opposing a stay of a federal court order directing that the Negroes be admitted to the school, near Pine Bluff.

School board attorneys are asking that execution of the order be held up pending an appeal to the 8th U.S. Circuit Court of Appeals.

Today's brief opposing the stay said that to delay admittance of the Negroes to the school beyond opening of the fall term "would cause irreparable harm."

One of the three, Ernestine Dove, 16, a senior, would have only one year to attend the school the brief said.

U.S. District Judge Axel J. Beck ruled Aug. 4 that the three Negroes must be admitted.

He said that Arkansas pupil placement laws are valid on face but that the Dollarway board had used them as a subterfuge to deny Negroes qualified pupils the right to attend the school.

Besides the Dove girl the Negro children are James Edward Warfield, 13, and Corliss Smith, 12.

## Banking Group Has Substitute Housing Bill

WASHINGTON (AP) — The Senate Banking Committee today approved a substitute \$1,050,000,000 housing bill with only one major concession to objections the administration had raised against an earlier version.

The committee acted promptly to get a new bill to the Senate floor less than 24 hours after failure of a Democratic effort to override President Eisenhower's veto of the original \$1,375,000,000 measure sent to him in June.

However, the full banking group accepted almost without change the substitute bill written last week by its Housing subcommittee.

It voted down Republican moves to knock out of the substitute two provisions specifically objected to by the President Wednesday at his news conference.

Rejected 8-7 was an effort of Sen. Prescott Bush (R-Conn.) to eliminate the 50-million-dollar loan program for college classroom facilities.

The committee defeated 9-4 another Bush motion to knock out a 50-million-dollar program of direct loans for housing for the elderly.

The one concession made was to put the classroom program which is a new type of activity not hitherto entered into by the government, on an appropriation basis.

As it was approved previously, this program was to use backdoor financing to which Eisenhower objects strenuously. Under this procedure, the funds come directly from the Treasury without going through the appropriations process.

Before the committee acted Democratic Leader Lyndon B. Johnson (D-Tex.) told the Senate he doubts that the Democratic party made any profit by its effort to override the veto.

## Miss Universe Had Help, Says Jap Surgeon

TOKYO (AP) — A Tokyo plastic surgeon said today he gave a bust-enlarging plastic injection to Akiho Kojima before she won the Miss Japan and Miss Universe contests.

"Miss Kojima is just one of many such Japanese beauties who received plastic surgeon's treatments. A number of famous Japanese actresses also received similar operations," Dr. Toshizo Matsui said in an interview.

He confirmed a Tokyo newspaper report that Miss Kojima, a Tokyo fashion model had liquid plastic injected into her bosom at Matsui's hospital.

A spokesman for the newspaper Sankei Shimbun, sponsor of the Miss Japan contest, said the report is unfounded. "We have seen her for the past four years, and there was no need for her to get bust surgery of any kind," he said. "We are still studying the report."

The doctor said the 24-year-old beauty came to his clinic a short time before the Miss Japan contest in June. He said he didn't measure her bust, but when she won the Universe title in Long Beach, Calif., last month her statistics were 37-23-38.

Miss Kojima is due here Friday. The newspaper Sankei Shimbun reported: "The operation is simple but painful. A coffee cupfull of liquid plastic is injected into

## U.S. Proposed Peace Group in Caribbean

By STANFORD BRADSHAW  
SANTIAGO, Chile (AP) — The United States today proposed setting up a special peace committee to study the Caribbean crisis.

Secretary of State Christian A. Herter told a preliminary session of the Inter-American Foreign Ministers' Conference that this committee would report to the 11th conference in Quito next February.

It would look into the causes of the tension that has spread throughout the area since Fidel Castro's forces took over Cuba Jan. 1.

"This committee might also be authorized to extend its cooperation to any of the states of that region in the solution of the problems that disturb their peaceful relations and which they are not able to resolve through direct negotiation," Herter said.

He called for a permanent organ of the Organization of American States such as the inter-American peace committee to consider problems of that sort that have

Seven Latin American governments at the conference already have declared they oppose interference by Castro and his Cuban revolutionaries in the affairs of other Caribbean nations.

## TELEPHONE TALK

## LOCAL OPERATIONS

I was talking to Mr. Teddy Jones a few days ago and he was telling me that the telephone was a most important part of his business at the local Employment Office here. He told me that they had found jobs for some workers from our area in some of the northern states within the past few weeks. You can imagine that it is a very busy time for him and his staff.

I am wondering if you are taking advantage of the business opportunities that your telephone offers. It might be worth your time to give it some thought.

## TEN RINGS

With backyard barbecues so popular nowadays people are spending more and more time outdoors. So you call your friends, remember, it may be quite a bit from the backyard to the kitchen telephone.

Give them time to make the dash by letting your telephone ring ten times.

Who knows. They may ask you over, too, for some of those hamburgers on the grill.

## VACATIONS AND TELEPHONES

When you think of vacation — and who doesn't — about this time of year — you usually think of fishing or swimming, visiting with friends or just plain relaxation at some quiet out-of-the-way place.

Well, I'm happy to say that more and more people are now including the telephone as a big part of their vacation plans. As a matter of fact, a number of friends around town tell me that a couple of telephone calls helped them to have more fun on their trips.

Here's how it worked for them, and you can do the same if you're one of the lucky people still looking forward to a vacation.

First, call ahead to reserve your accommodations or to let the family know when you'll arrive.

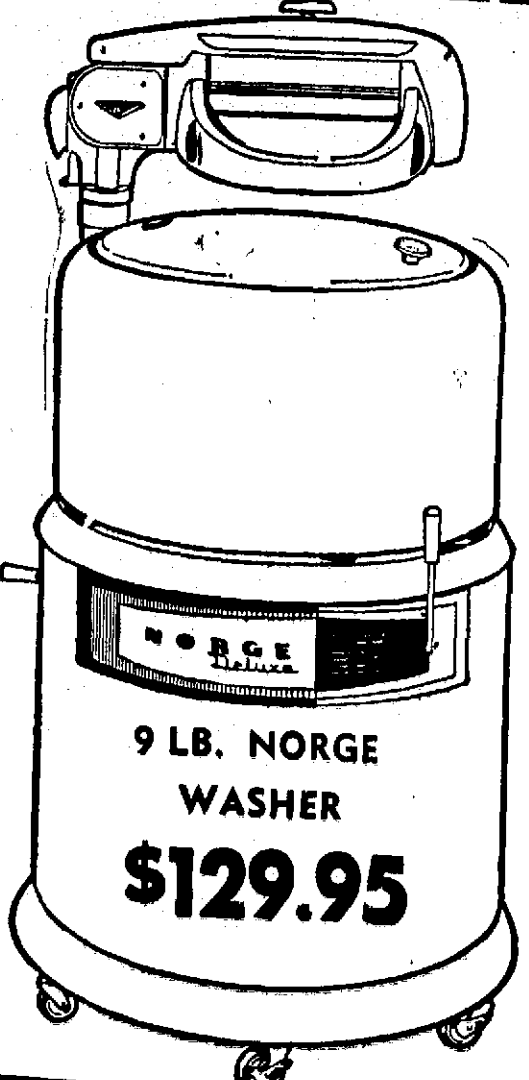

Next, call ahead to make overnight reservations along the highway. This way, you can drive longer still be sure of a place to stay.

I think you'll find that this "calling-ahead" habit will help you and your family have an even better vacation.

Call by number. It's twice as fast.

## DOROTHY DIX

Poor Homebody Turns  
Into Man About Town

Dear Dorothy Dix: When I met  
Lennie a year ago, I considered  
him the soul of kindness and hon-  
esty. I'm a self-supporting widow  
with three children; when Lennie  
appeared down-and-out, I helped  
him. He came to my house for  
dinner nearly every night. He  
often said he'd like to marry me,  
but couldn't take on so much re-  
sponsibility. Two weeks ago, I  
was heartbroken and shocked to  
find that he's dating another wid-  
ow — and taking her anywhere  
he wants to go. He seems to  
have plenty of money for her,  
after pleading poverty with me  
all year. All I got for being lov-  
ing, trusting and kind was a stab  
in the back. I'll never trust an-  
other man as long as I live. —  
Shipwrecked

Dear Girl: The fine line be-  
tween being kind and being a  
sucker is just what you got — a  
stab in the back — or it might  
have been a kick in the face. Any

time you meet someone who takes  
everything and gives nothing.  
watch out. The only consolation  
you have at the moment is the  
fact that in losing Lennie you  
didn't lose much. The fault is not  
with trusting and kind with the  
next man whose friendship you  
acquire. Make him give some-  
thing, too.

Dear Dorothy Dix: Early in the  
summer I met a young man and  
we've been out together about six  
times. Next month he sails for the  
Mediterranean and will be gone  
six months. He'll be discharged  
from the Navy in about a year.  
I'd be more than willing to wait  
for him but so far he hasn't asked  
me to. I don't know exactly what  
his feelings are but I do know  
I'm the only one he dates. My  
girl friend said I should write and  
tell him how I feel instead of  
waiting for him to say something.  
— Tessa

Dear Tessa: A year of waiting,  
to the young, seems so romanti-  
cally short in prospect. In ac-  
tuality it's somewhat different. A  
girl will find a dateless year rather  
dismal, especially if she's wait-  
ing for a boy she's known only  
a few months. Letters are fine,  
but not much comfort on a dis-

mal week-end when the rest of  
the gang is dancing, bowling, skat-  
ing or going to the movies. Don't  
write the letter your girl friend  
advises. If the boy is interested  
in how you feel, he'll ask. Tell  
him you'll write, if he wants you  
to but don't make rash prom-  
ises.

Dear Dorothy Dix: The boy I  
love has gotten as far as discuss-  
ing marriage and has even set a  
tentative date. He doesn't have a  
job so I know I can't expect an  
engagement ring. Since this is  
necessary as a token of his prom-  
ise to marry me, I don't know  
what to think — am I engaged  
or not? He says we are and that  
he's entitled to certain privileges  
that I think should be reserved  
for marriage. — Missy

Dear Missy: Your boy friend  
is making a build-up to acquire  
those "privileges." His "tentative"  
wedding plans, his unwill-  
ingness to take or hold a job and  
his urging that you do something  
wrong are indications that he's  
not altar-minded. Send a stamped,

## Despite Hurling, Chisox Favored for Pennant

By JOE REICHLER  
Associated Press Sports Writer

At the start of the year the Chicago White Sox were given an outside chance at the pennant because of only one thing — their strong pitching staff.

Today the first-place White Sox are a solid favorite to represent the American League in the World Series—despite their pitching.

Only Early Wynn of the highly touted Big Five — Billy Pierce, Dick Donovan, Ray Moore, Barry Lutzman and Wynn — has been pitching as advertised. He has a 15-7 record.

Pierce is 12-12. Donovan plagued by arm miseries is 7-5 and hasn't pitched since July 21. Moore is 2-6 and Lutzman 5-4.

What's keeping them up there, then? The answer lies in their speed, their defense, their ability to win the close games—and their bullpen uses Gerry Staley and Turk Lown.

Staley and Lown figured prominently in Wednesday's 11-6 triumph over Detroit which kept the Sox 2½ games ahead of Cleveland, a 9-5 winner over Kansas City. Boston defeated Baltimore 5-4 and Washington nipped New York 3-2.

Milwaukee moved into second place in the National League race, defeating Cincinnati 6-4 while the Chicago Cubs were outslugging the Los Angeles Dodgers 11-8. Pittsburgh whipped Philadelphia 6-2.

Lutzman started for the White Sox but left under fire in the fourth when Detroit scored four times to overcome a 3-0 Chicago lead. Staley halted the Tigers and picked up his fifth relief victory when the White Sox scored eight runs in the fifth and sixth on only three hits. Serm Lollar's three-run homer was the big blow. Lown pitched the last three innings.

Gary Bell went the route for Cleveland with an eight-inning effort. The Indians whacked five Kansas City pitchers for 15 hits, including home runs by Minnie Minoso, Jim Baxes and Russ Nixon.

The Senators, who had won only one of their last 23 games, snapped the Yankees' six-game winning streak although they made only four hits. One of them was a home run by pinch hitter Julio Becquer. It came with two on in the eighth to overcome a 2-0 Yankee lead. Ryne Duren, in relief of Art Ditmar, threw the home run ball.

A ninth-inning home run by Gary Geiger broke a 4-4 tie and gave the Red Sox the Red Sox, their uphill victory.

## Mathews Powers Braves to Win; Cubs Lick Bums

By JOE REICHLER  
Associated Press Sports Writer

Milwaukee's Braves may not be the all-conquering champions they were a year ago but it hasn't been the fault of third baseman Eddie Mathews.

He is hitting an even .300, has slugged 33 home runs and has driven in 79 runs. He already has exceeded last year's totals of 31 homers and 77 runs batted in when his average was only .251.

Eddie powered two home runs Wednesday night, each with a man on base, to boost the Braves into second place with a 6-4 victory over Cincinnati. Henry Aaron added a home run, his 30th, and a triple and Joe Adcock hit safely in his 19th consecutive game. The Braves also got a fine pitching performance from veteran Bob Rush, who hurled scoreless ball after relieving southpaw Junn Pizarro in the second.

Chicago's Cubs dropped Los Angeles into third place, half a game behind the Braves and 3½ behind the idle San Francisco Giants, by thrashing the Dodgers 11-8. Pittsburgh walloped Philadelphia 6-2.

Chicago's White Sox maintained their 2½-game lead over Cleveland with an 11-6 victory over Detroit while the Indians were beating Kansas City 9-4. Boston nipped Baltimore 5-4 and the Washington Senators snapped the New York Yankees' six-game winning streak with a 3-2 triumph.

The Cubs routed Don Drysdale with a five-run outburst in the first inning, highlighted by Ernie Banks' 94th home run and Sammy Taylor's ninth. Alvin Dark and Irv Noren also chipped in with four-batters for the Cubs in the 28-hit slugfest.

Roberto Clemente had a single, double and triple, his three-bagger coming with the bases loaded in a four-run seventh that enabled the Pirates to break a 2-2 tie with the Phils. Harvey Haddix out-pitched Robin Roberts.

## Curtiss-Wright Cars to Travel on Air

MIAMI, Fla. (AP)—A spokesman for anti-Castro groups in Miami said today a full-scale counterrevolutionary offensive is under way in central Cuba and the movement has decided to "go for broke."

The spokesman, who asked not to be identified, told the Miami News the insurgents are former Cuban soldiers and defectors from Fidel Castro's army who landed near Trinidad from the Dominican Republic.

Jose Eleuterio Pedraza, former Cuban general, is commanding the task force by shortwave radio from the Dominican Republic, the spokesman said. Miami anti-Castro leaders said they talked with Pedraza by telephone this morning.

## New Revolution in Cuba Is Claimed

NEW YORK (AP) — Curtiss-Wright Corp. today said it will produce cars which travel on air.

A company spokesman said production at its South Bend, Ind., plant would start in November but the rate had not been set. He added the cars would not be sold to the public at this time, but would be offered to industries.

The company's "air car" travels on a cushion of low pressure, low velocity compressed air. It is a 300-horsepower, two-engine vehicle which carries four passengers. The 21 by 8 foot car reaches maximum speed of 60 miles an hour. It has no wheels, transmission or clutches.

The company said the car would move over unpaved land, water or swamps or any unobstructed terrain 6 to 12 inches off the ground.

THE STORY: Grady Haskell has been warned against going into the Canyon House, while Rutt Dubison and his lawless riders of the Beaverhead ranch are there. But Haskell goes in anyway, wearing his deputy sheriff's star.

XVI

A swarthy man with cold, black eyes on either side of a hungry back of a nose laid narrow survey on Haskell.

"Heard there was a new deputy in town, Me and the boys thought we'd ride in and get acquainted."

The words were fair enough but to Haskell they carried a faint edge of insolence.

"You're Rutt Dubison?" he asked.

"That's right, You been hearing things about me?"

"Some."

Rutt Dubison laughed, and it was a strangely disturbing off-beat, being virtually soundless.

"This town full of squirming, spineless little fishworms. They wouldn't dare talk up to my face. Well, I'm just an ordinary two-legged man. And not a bad fellow at all. Which I'll prove to you now by buying you a drink. Hey, Oren—pour one for the deputy!"

Again Dubison's words were fair, but Haskell hesitated while he had another look at the room. Glances, guarded and wary, met his, and ones, these, so Amos Potter had warned. And Potter was right. These riders from the remote Beaverhead range were the inescapable brand of their kind, a wildness indelibly stamped upon them; the wildness of the pack, running together at the moment for mutual benefit.

Coming away from Ordeville, Haskell had carried with him a mental picture of Frank Gentile, as furnished by Bill Hoe. He saw none who fitted Gentile's description. And he mused, if word could so swiftly reach Rutt Dubison on the Beaverhead that a deputy was in Resurrection, then it could also have reached Frank Gentile. In which case, Gentile might be riding fast and far to some new hideout.

Well, if that be so, it could not be helped. Primary concern, as Bill Hoe had emphasized, was still the strange disappearance of Jack Breeden.

"Drinks are ready, Deputy," reminded Rutt Dubison. "We'll have this one together."

They made way for him at the bar. Moving up to it, the rub of a vague uneasiness stole through Haskell.

He picked up his glass, raised it, looked at Rutt Dubison standing beside him.

"Luck!" he said.

"Luck!" Dubison echoed.

It was while the glass was at his lips and the whisky burning in his throat that he felt the weight of his gun leave the holster. Beside him, Rutt Dubison exclaimed excitedly.

"I got his gun. He was easy—just another star-toting fool like I figured!"

Gagging on the whisky half-swallowed, Haskell whirled. He managed to get around and half a stride free of the bar before being slammed back into it again and pinned there, a man hanging to each arm, a third driving a shoulder against his chest. And so they held him, helpless, while a dismal anger and disgust flooded through him.

It had been so simply, so easily done! While he had his head tipped back, his nose in a whisky glass, this Rutt Dubison had lifted his gun with contemptuous ease. Fool, Dubison had called him. Fool was right!

Wildness was rioting in Haskell's but he fought it back, knowing that any attempt to struggle free would be useless and guaranteed him a beating. He stood quietly, looking up at Rutt Dubison standing before him, full half a head taller.

"What's it all about, Dubison? This, I don't savvy."

"You will, you will," Rutt Dubison assured him. "You know Aug. 13, 20, 1959

Deputy, there's one big reason I never had any use for one of your kind. You're all alike either crooked as snakes, or dumb—which is worse. For while I can know some respect for a smart man, I hate to give even breathing room to a dumb one. Now you said you'd heard things about me. Then maybe you heard I don't want any of your kind around me. Bill Hoe should understand that by this time. So minus your gun and your precious star, I'm sending you back to remind him again of that fact. Also, you can tell him that if he send any more of your kind sniffing around, they'll go back in a box."

Reaching out, Dubison tore the star from Haskell's shirt and slipped it aside. He spoke again.

"I'll be in town again, Deputy. If you're still hanging around, then I really will make you hard to catch. Now—go ahead, boys—throw him out!"

This they did, literally. They rushed Haskell to the door, kicked it open and sent him tumbling headlong into the night. He slammed into the hitch rail, jack-knifed over it, while horses reared and snorted above and around him.

Laughter mocked him from the saloon's open door, the sound of raucous across the dark. Then the door swung shut and he was alone with his shame.

It was worse than the rawhide lash of a whip, biting at him. Stupid, Rutt Dubison had called him—stupid and a fool. All of that. Grady Haskell—all of that. Played for the very sort of sucker and gulping the bait. Stripped of gun and star and thrown bodily out of a deadfall to the tune of the scornful and contemptuous laughter of a pack of two-legged wolves.

## Newspaper Guild May Call Strike

SAN FRANCISCO (AP) — The local executive committee of the San Francisco - Oakland Newspaper Guild has been authorized by its membership to call a strike, if necessary to enforce contract demands.

Units of the San Francisco Chronicle and San Francisco Examiner, morning dailies, and the afternoon News-Call Bulletin, the recently-emerged afternoon papers voted the authority 466-70 Tuesday night.

A Guild spokesman said the merger of the afternoon papers had nothing to do with the strike vote which had been scheduled before the merger was announced.

The principal demand is a 19 percent general wage increase, modified from an original request for a \$180 weekly top scale for reporters. The scale currently is \$139.50.

Home, Burglarized  
By Youth of 8

BRIDGEPORT, Conn. (AP) — Horace Rideout suspected that his home was being broken into at night. Three times in three weeks, he said, there were things missing when he and his wife woke up.

On Monday night, the 32-year-old mason's helper shut off his lights early and sat, silently, in his bedroom. At midnight, the burglar appeared.

Rideout saw a thin arm reach for the unlocked bedroom window and push it open. A small boy crawled in.

Amazed, Rideout scuffled with the child and caught him. The boy managed to cut the man slightly with a letter opener.

At the police station Tuesday, the boy told a story of breaking into 11 homes and businesses in the past year. Police said the boy, a Negro, whose name they withheld, is eight years old.

Husky Worker May  
Be a Murderer

SLIP, N.Y. (AP) — A husky, crew-cut construction worker was in jail on a robbery charge today but authorities apparently have been unable to connect him with three recent murders on Long Island.

He was, however, the "prime suspect at the moment," Suffolk County Dist. Atty. John P. Cahalan said Tuesday.

The man, Francis H. Bloeth, 27, an ex-convict, lives in a two-room flat.

The child explained that he, like most other eight-year-olds, had an appetite for candy and toys. So, he would go to sleep.

He would wait until his parents retired, then sneak out of doors and into the night to visit the unguarded houses in the neighborhood.

Broker's Son aces  
Charge of Murder

WHITE PLAINS, N.Y. (AP) — The 20-year-old son of a Wall Street broker has been indicted on a first degree murder charge.

Attie apartment near here with his wife and baby daughter.

Cahalan said Bloeth was picked up Monday night on a tip from a former burglar who said he had said Bloeth a .32-caliber revolver.

Police say the first two murders were committed with a .32-caliber revolver and the third with a .22-caliber automatic.

Bloeth's home and car were searched, but police say no gun was found.

The three slayings, which took place in the first eight days of this month in a 30-mile area in this eastern section of Long Island, netted less than 400. Two men and a woman were killed in three separate robberies.

Young told police he was driving his pickup truck July 1 when he saw two boys on bicycles ahead of him. He said he headed his truck at them "just to scare them and not to hurt them, but I misjudged the distance."

The two boys were on a carnival trip. They were 13-year-old Richard Sullivan and 15-year-old Michael Dill, both of Mount Vernon, N. Y. Dill suffered a brain concussion and has recovered. Young Sullivan died on the way to a hospital. The accident took place on Route 22 in Bedford Village, a New York City suburb.

The population of Trinidad, resort island in the Caribbean, is 687,230.

## Make Peach Jam the Easy Way

While fresh peaches are available, be sure to make some peach jam. You'll be proud of your homemade jam and how the family will enjoy it next winter! Here's how to make delicious jam the modern, easy, short-haul way.

**Peach Jam**  
Yield: about 2 medium glasses (4-1/2 lbs. jam)  
4 cups prepared fruit (about 3 lbs. ripe peaches)  
5 cups (2-1/4 lbs.) sugar 1 box (1-3/4 oz.) powdered fruit pectin  
First, prepare the fruit. Peel and pit about 3 pounds fully ripe peaches. Grind or chop very fine. Measure 4 cups into a very large saucepan.

Then make the jam. Measure sugar and set aside. Add powdered fruit pectin to fruit in saucepan and mix well. Place over high heat and stir until mixture comes to a hard boil. At once stir in sugar. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with 1/8 inch hot paraffin. If jars are used, seal.

Miss Crawford  
Stunned by  
Death of Mate

By HAL BOYLE  
NEW YORK (AP) — "My husband loved me for the strength I had of spirit and soul," said Joan Crawford, "and he'd come back and haunt me through eternity if I didn't go on now with happiness and joy."

"I still can't bring myself to have a date. I go out with married couples."

Joan, a real-life Cinderella herself, played dozens of Cinderella roles in her 30-year career as film star. But what happens when Cinderella becomes a widow?

This role was thrust upon her when her fourth husband, Alfred Steele, board chairman of the Pepsi-Cola Co., died of a heart attack.

His sudden death left Joan stunned. The two had been constantly together for four years. She had handled much of his correspondence, traveled more than 200,000 miles with him.

"I can say what few women can say," Joan recalled. "I had perfection in love. Every day of those four years he told me he loved me. He was a wonderful, wonderful man. I'm the luckiest

dame that ever lived.

"At first after his death I just wanted to stay home and sit. Lethargy set in. I finally had to tell myself, 'Pick yourself up and be the glamorous person you're supposed to be.'"

Mrs. Crawford plans a dual future as business woman and actress.

She was elected a director of Pepsi-Cola the month after Steele died. Recently she finished a role as a lady paperbook editor in Jerry Wald's production of "The Best of Everything."

"I'm on the screen only seven minutes," she said. "But I liked the part, and I want to do other movies and TV films if I can find what I want."

What can an actress do for a soft drink firm?

"I'm not under contract to them," she said, smiling. "But still do work for them. I'd like to help carry out my husband's promotional thinking."

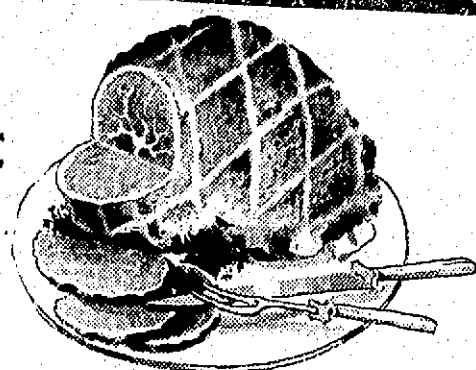

Her four adopted children are currently in her West Coast home. Joan lives alone with a maid in the big showplace Manhattan apartment in which her husband died.

At 51 she is still slender, glamorous and one of the world's best-dressed women.

## Best Buys in Food For The Weekend

By THE ASSOCIATED PRESS  
An increase in the marketing of lamb brings lower prices for leg of lamb in many communities this weekend. Several chain stores were featuring the item as among best buys.

Other meats offered as specials in various sections are sirloin steak, ham, bacon and lamb shoulders. Rock Cornish game hens are favored in some localities, as are fresh swordfish and medium grade shrimp.

Not only domestic ham, but also the imported variety is offered at special prices.

A bumper crop of fruits in California has pushed down prices for both fresh and canned fruits. Supermarkets are expected to launch a flurry of bargain promotions soon.

Cantaloupes from California have forced down the price in the East. There also is a fairly good supply of honeydew melons. Peaches can be found in all price ranges. Blueberries, limes and summer apples continue among best buys.

There were a goodly number of buys in fresh vegetables. Among them were cabbage, squash, corn, eggplant, snap beans, lettuce, green onions, potatoes, peppers and tomatoes.

Price trends were mixed in various parts of the country. Thus, eggs were lowered as much as 6½ cents a dozen by one chain in the Southeast while being raised 4 cents a dozen in the Midwest.

Butter prices tilted a bit higher. Chickens were among special sales items in several sections.

## Sunbath on Lawn Slows Business

JEFFERSON CITY, Mo. (AP)—State business came to an abrupt stop today as a shapely blonde took a sunbath on the lawn of the Missouri Highway Commission Building.

Miss Lavelle Strouburg, 25, of Blockton, Iowa, said she didn't mean to attract attention and added she was scared when she was told of the havoc she had wrought.

Across the street in the 14-story building every window was jammed with spectators.

The spot Lavelle chose for her sunbath was just below the office windows of Rex M. Whitton, Missouri's chief highway engineer. He joined dozens of his staff gazing.

Lavelle said she just wanted to take a sunbath and someone told her to go ahead. So she donned her bathing suit and strolled over to the highway building lawn. She sat on the grass, loosened the straps of her black and white, one-piece suit and dropped her long legs and arms with suntan lotion.

Then she spread her cape on the grass and stretched out, all 5 feet 10 inches of her, shading her eyes with her arms.

Lavelle said she came here with her father who is trying to sell the state an invention to keep mowing machines from clogging.

tens and 19 pro-Communist groups had refused to join in.

The strike affected textile factories, meat packing houses, food plants and metal industries, but all seemed normal otherwise.

## Coming? SERVE A CAKE 'N COOLER

Everybody's favorite between-meals treat in a lush and luscious—Minted Pineapple Cake with its own cool drink to go with the flavor of real fruit and bright with the taste of deluxe, mix-made cake turns casual visits into parties.

**Minted Pineapple Cake**  
1 package Pillsbury Deluxe Pineapple Cake Mix  
1 package Pillsbury Loaf-size Creamy Vanilla Frosting Mix  
1 tablespoon water  
1 cup whipping cream  
1 green food coloring

Pillsbury Deluxe Pineapple Cake Mix as directed on adding peppermint extract with the liquid. Bake in two round pans as directed.

1 cup Pillsbury Loaf-size Creamy Vanilla Frosting Mix and 1 tablespoon water until smooth. Spread between layers. Gradually combine remaining Frosting Mix with cream. Beat until thickened; fold in a drop of peppermint extract and a few drops green food coloring. Frost top and sides of cake. Garnish with mint leaves.

**Pineapple Punch**  
1 can (46 oz.) pineapple juice, 1½ cups orange juice, ¾ cup lime juice and 1 cup sugar; chill thoroughly before serving add 1 quart ginger ale and 1 quart carbonated water. Pour over ice cubes. Makes about four quarts.

## Reports Prices Cheaper

DAWSON News Analyst

(AP)—Cheaper, or at least food prices and that to pay them are in two government

abundant harvests. Reports record employment heads into the low unemployment for

and steel strike could in factories that deal. This would cut incomes. But if

can be made by mid-employment should after. Any more pay-

add to the increase in personal incomes. Supplies of most food-

ported by the Agriculture. And the chances of a steady buildup in

ends so that more ani- shipped to the mar-

crop is expected to in history, topping

last year's record by 10 per cent. The hay crop is larger than the 1948-49 average. The department estimates total production of feed grains as 135 per cent higher than the 1947-48 average.

This means that livestock raisers will have abundant feed for fattening cattle, pigs and lambs. They have been pushing building up herds depleted during the drought years. This will soon be pushing more steers into the stockyards. And it should end the policy of recent years of withholding breeding stock.

The hog population seems sure to stay high through the fall and spring. Big corn harvests tend to boost hog production.

Thus meat supplies should grow more plentiful and prices should ease.

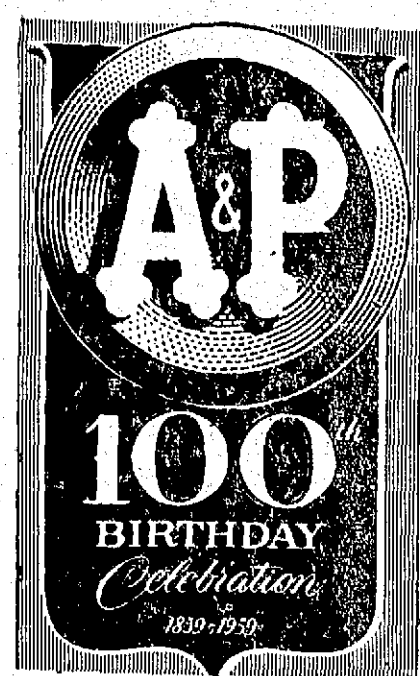

After Labor Day—if the steel strike ends in a few more weeks — employment, workweeks and earnings all should rise.

The auto makers will be starting work on the new models. Other manufacturers will be turning out goods for the Christmas and general winter trade. It could mean another boom.
